Communication regarding Holiday activities

As a school we have re evaluated our Winter Holiday activities and discussed, as a staff, a change to better meet the needs of our students and community. We would like to have a focus of family and giving, while involving the whole community.

Our purpose is to create a fun, relaxed holiday environment encompassing the true spirit of the holidays. In keeping with the school board business plan, this new approach will allow us to be more culturally inclusive of the diverse learners that we have at our school.

There will be no Christmas concert this year but stay tuned for a list of fun filled activities in our up coming "Joy Week" here at St. Andrews Consolidated. We have a theme of giving, fun and community oriented activities that our staff have been working hard on preparing to deliver for our students and community to enjoy.
